Experience

UX Design Intern   Jun. 2023 – Present
Kubeshop | Remote

- Assisted senior UX designers in conducting user research, including observational user testing and data analysis. Proposed initiatives from the insights gathered into user needs and pain points.
- Created low-fidelity wireframes and high-fidelity prototypes using Figma to visualize design concepts and iterate on user interfaces.
- Researched and analyzed industry trends and key competitors to provide design insights.

Web Developer Intern   Dec. 2022 – Jan. 2023
&Market | Washington, DC

- Collaborated with team members to translate design mockups into responsive and interactive web interfaces using Webflow, HTML, CSS, and JavaScript.
- Collaborated closely with UX designers to iterate over designs and ensure seamless integration of design elements and interactive features.
- Gained practical experience in implementing site architecture best practices, optimizing load times and performance across various devices and screen sizes.

IT Intern   Jun. 2022 – Aug. 2022
SourceAmerica | Vienna, VA

- Worked on a team to migrate the company's intranet from on-premise to SharePoint Online by designing, creating, and testing web pages, custom web elements, automated workflows, member permissions, and forms.
- Demonstrated solid understanding of site architecture principles by implementing organized and efficient page structures, improving user navigation and experience.

Education

University of Virginia   Expected graduation May 2024
Bachelors in Computer Science, Minor in Psychology | Charlottesville, VA

- 3.6 GPA | Dean's List
- Relevant Coursework: HCI In Software Development | Software Development Methods | Program & Data Representation | Algorithms | Computer Architecture | Internet Privacy | Advanced Software Development | Introduction to Cognition | Research Methods and Data Analysis

Seoul National University   Spring 2023
UVA Study Abroad | Seoul, South Korea

- Relevant Coursework: UI Design Programming

Forge Introduction to UX Design   Sep. 2022 – Nov. 2022
Student | Charlottesville, VA

- Collaborated with team members on two high-fidelity final projects in which solutions to real-world challenges were developed through user interviews, prototyping, and wireframing in Figma.
- Gained insights into industry best practices, including accessibility and branding guidelines, through lectures, workshops, and case studies.
